DOWNPOUR OF RAIN DRENCHES REFUGEES

Improvised Tents Afforded Poor Protection.

THOUSANDS WITHOUT SHELTER

In Several Instances People in Houses Refused to Admit Distressed Women and Children and Militia Unceremoniously Broke Down the Doors.

San Francisco, April 28.—Many of San Francisco's homeless people camped in the parks, squares and vacant lots, were awakened early Friday by the rain dripping through their improvised tents, which was their only protection against the elements and afforded poor protection against the downpour.

The rain began to fall about 4 in the morning, and continued several hours. Drenched to the skin by the rain and with bedding thoroughly soaked, many persons were driven in nearby houses for shelter.

Although the various camps were better prepared for the storm than for several days past, hundreds of the tents having been received and put up since the last storm, still there are thousands who are without proper shelter and who shivered in their wet clothing, vainly trying to get warm after the rain ceased, by walking or running around the camp. The least distress and suffering was at the Presidio, where nearly all the refugees have been provided with tents by the quartermaster's department.

A wagon load of picks and shovels was furnished and trenches were dug to carry off the water and the ground banked around the tents, making them comparatively comfortable.

In "Cow Hollow," at the rear of Hart's View, about 3,000 Italians from Telegraph and Russian Hills and a sprinkling of Chinese and Japanese, are camped. Few of them have been provided with tents and there was much distress among the women and children.

A chill wind was blowing Friday, and the difficulty of preparing warm food, added to the distress of the homeless, especially floundering in the mud in the low bottoms.

In LaFayette and Hamilton squares comparatively few tents have been issued to those camped there, but the ground is high and the drainage good.

Where the tents were made of blankets, quilts, etc., the soldiers took the women and children into the houses, thus alleviating some of the suffering.

A few who were not adequately sheltered were taken into the large automobile garages in the vicinity and into the Lutheran church.

In several instances people in the houses refused to admit women and children in distress from the cold and rain, and the militia unceremoniously broke down the doors with the butts of their rifles.

Several thousand tents are enroute here, and it is said that within a few days fully 150,000 refugees will be comfortably housed.

Trolley cars started to running on several streets in San Francisco Friday. The cars will not run after 7 o'clock Friday night, however, and the United railroads willtmain ain a patrol of one man in each block operated in the burned district as a protection against fire.

Over one hundred and fifty stores were opened for business Thursday, but before night numerous complaints wer received that storekeepers had raised prices to prohibitive figures.

Captain Rittenhouse, U. S. A., commanding the district from Bush to Oak and Fillmore to Division streets, called at the Central police station last night and requested that detectives be detailed to investigate some of the complaints.

The alleged systematic thefts of several tons of Red Cross supplies has been disclosed by the arrest of Arthur Jacobs by Police Commissioner O'Grady and Detective Mathewson. Jacobs is said to have made a confession implicating several confederates and revealed the place where he had hidden the loot. Jacobs is a teamster, and it was while hauling Red Cross supplies that he is alleged to have done the looting during the first few days of the relief when it was not organized as it is now. Under the present system of handling supplies this would be practically impossible.

Number of Casualties Over-Estimated.

San Francisco, April 28.—It is the opinion of General Greely that the number of casualties has been over-estimated. "So many and grossly exaggerated rumors of the casualties due to the earthquake have been sent out that we have determined to make a systematic investigation," he said, "for instance, it has been stated that there were as many as 75 lives lost in the Valencia hotel, but so far as we have been able to ascertain, the loss did not exceed twenty. I believe that there are similar discrepancies which will be discovered later after a thorough examination of the records and search of the ruins."

TO FACE MURDER CHARGE.

Mrs. Ramsey Held for Mrs. Glover's Death.

Bristol, Tenn., April 28.—The second day's investigation of the murder of Mrs. Mollie Glover, who was found dead in her bed with her head split open and almost chopped from the body on Tuesday night, resulted in the arrest of Mrs. Jamine Ramsey, who admitted before the coroner's jury that her relations with Sylvester Luttrell, in whose house the murder was committed, and who was arrested on suspicion of the crime, were for several years of an intimate nature, but had been severed.

Witnesses testified that Mrs. Ramsey had just previously declared her intention of murdering Mrs. Glover, through jealousy for Luttrell, and upon this evidence she was arrested, and is now in jail.

The coroner's jury is still in session and hearing testimony of various witnesses, and as yet no direct light has been shed on the mystery.

The police lean strongly to the opinion that the murder was committed by a woman, through jealousy. Luttrell is still held.

Adopt Decisive Measures.

Paris, April 28.—The police have adopted decisive measures to apprehend the element which is fomenting disorder, and learn the sources of its supplies. Early in the day a search was made of the headquarters of the confederation of labor and of its 50 branches throughout the city. Simultaneously, the police searched the homes of a number of royalist sympathizers who were suspected of encouraging disorder in the hope of affecting a coup de estat. The offices of La Croix, a reactionary paper, were also searched. It is understood important papers were found at the homes of some of the royalists. The search of the headquarters of the confederation of labor brought negative results.

Knox Gardner Can't Be Found.

Macon, Ga., April 28.—Friends of Knox Gardner, who late in January of the present year, completed a business education in Macon, are making a close search for him and believe he has met with fould play. He left the offices of L. C Miller in Danville early Tuesday morning and has not been heard from. He was a stenographer there and was in good circumstances. He had been ill and it is feared that mental derangement caused the mysterious disappearance. Police authorities and officers here have been engaged in the search with no favorable results up to the present. He is 19 years of age and has dark eyes and hair.

Dragged To Death by Mule.

Tuscaloosa, Ala., April 28.—A horrible accident occurred on the Kennedy plantation several miles south of this city. Linn Jones, an 18-year-old boy, was riding a mule across a newly plowed field when the animal became frightened. Being without saddle, the boy lost his hold and fell under the animal, being caught by the harness, which added to the mule's fright. He was dragged several hundred yards through the field and into the woods in the sight of his father, who was utterly helpless. When the mule was finally captured, the boy, who was literally battered to a pulp, had passed away.

DOWIE AND WIFE GET TOGETHER

Mrs Dowie Visits Husband At His Hotel.

DID NOT ENTER FATHER'S ROOM

Dowie Is Said To Be Ill, but It Is Denied that the Purpose of the Visit Was for a Death-Bed Reconciliation.

Chicago, April 28.—Following reports that John Alexander Dowie is a very sick man, Overseer Jane Dowie, wife of the deposed head of the Christian Catholic church, visited her husband in his apartments at the Auditorium Annex Thursday.

This is the first time Dowie and his wife, who are reported to have been estranged, have seen each other in several months. When General Overseer Voliva assumed control at Zion City Mrs. Dowie cast her lot with the new administration and since then has repudiated her husband publicly several times. Because of this state of affairs those interested in the controversy over Zion City place a great deal of significance in the visit of Mrs. Dowie.

Mrs. Dowie was accompanied to the Annex by her son, Gladstone Dowie, but the latter did not enter the room occupied by his father. Mrs. Dowie remained in her husband's apartments for half and hour, after which she was again joined by her son and they returned to Zion City.

That Mrs. Dowie's visit to her husband was for the purpose of a death-bed reconciliation was denied by those associated with Dowie, who assert that she called on Dowie to arrange for his proposed return to Zion City Saturday and his reception at Shiloh house.

The report that Dowie was in a dying condition was denied by all those still faithful to him in the party at the hotel.

E. C. Wetten, Dowie's legal adviser, declined to disclose the purpose of Mrs. Dowie's visit.

"One thing I wish to emphasize, however," said Wetten, "and that is Dr. Dowie is not as ill as the public has been led to believe. He is in better health today than he has been at any time since his return to Chicago two weeks ago."

Mexicans Seize a Schooner.

Pensacola, Fla., April 28.—The fishing schooner Sallie Sterns, of this port, owned by the Warren Fish company, has been seized at Progresso by the Mexican government, acording to advices received here. The owners of the Sterns have wired the American consul at Progresso and have advised the state department through Senator Mallory of the seizure. Consul Diaz, of Mexico, is without advices, but is of the opinion that the vessel violated the fishing laws by operating within one league of the shore.

Robbed of Wife and Child.

Atlanta, April 28.—Asserting that his own brother robbed him of his wife and little girl, Charles Jones, of Jacksonville, Fla., has been in Atlanta since last Friday searching the city with detectives trying to locate his faithless wife and heartless brother. Failing to find the couple, Mr. Jones decided to make public the whole affair and had printed, under the direction of the chief of police, a circular giving a description of his brother and wife, and offering a reward of $50 for their arrest.

Corpse Found in River.

Chicago, April 28.—The body of a man has been found floating in the Chicago river and has been identified as that of Frank Attenbury, 44 years old. Atterbury's parents, who are said to be wealthy, reside in Kensington, a suburb of London, England.

Britains Get Ready for Turks.

London, April 28.—The British garrison in Egypt is being strengthened at the suggestion of Lord Cromer, the British agent there, who considered the action advisable in view of the result of the Turks over the Turko-Egyptian boundary incident.

KILLED IN CUTTING AFFAIR.

Walter Shurley Cut Thompson to Death in a Bloody Fight.

Atlanta, April 28.—In a bloody fight with knives about 7 o'clock Thursday night, Walter Shurley stabbed to death J. M. Thompson at their boarding house, 24 Berean avenue, the difficulty having arisen, as is supposed, out of nothing more than a playful dispute between Thompson's 13-year-old son and Shurley's 18-year-old brother.

According to the statement of Mrs. C. A. Monerife, proprietress of the boarding house where the tragedy occurred, Walter Shurley dealt his fatal thrust in self-defense, Thompson having been the prime mover in the quarrel. Opposed to this view, however, is that of the dead man's brother, G. C. Thompson, of Carrollton, Ga., who reached Atlanta about 10 o'clock Friday morning.

G. C. Thompson says that from the appearance of the body, he believes his brother was hit with an ax or other heavy weapon before the cutting began and that he will demand a full investigation.

Great Wave Strikes Texas.

Boston, April 28.—The battleship Texas arrived here Thursday after a dangerous experience in a storm while on her way from Charleston, S. C., to this port, to which she was ordered for permanent repairs on account of an acident sustained while blowing up a derelict off the Florida coast. The battleship had a hole in the bow as a result of striking a part of the wrecked derelict. This was patched at Charleston, so that the vessel could sail for Boston, but the temporary repair work was weakened during a gale on the way up the coast and a great volume of water poured into the berth deck of the battleship. Vigorous work at the pumps relieved the danger. The Texas was placed in the dry dock immediately on her arrival here.

Took Poison by Acident.

New York, April 28.—A young woman, who gave her name as Mrs. Ivan Dumont, swallowed two poison tablets at the Hotel Belle Claire Thursday night. It was stated that the she took the poison by accident, but she was held at Roosevelt hotel as a prisoner on the charge of attempting suicide. Mrs. Dumont has been a guest at the Belle Claire off and on for two or three years. She comes from New Orleans. Thursday night she telephoned from her room to the office of the hotel to say she had taken poison and was in urgent need of help. Physicians who were summoned later ordered her removed to the hospital. It was said that her condition was serious.

Shot Through Hole.

Waynesboro, Ga., April 28.—The fact that an attempted assassination of two negroes by an unknown white man Tuesday night has just been reported. The man shot two negroes—Robert Bud and Watson Mathis—wounding both of them, firing at them through the cat hole in the door. The shooting occurred at the fair grounds, a negro suburb of the city. Thursday night the same man, supposedly was seen in the business section of the city brandishing two pistols, and before the police could get him he was gone. It is rumored here that a negro was shot at Green's Cut by an unknown person, supposed to be the same man.

$100,000 for Repair Work.

Washington, April 28.—The house committee on appropriations has authorized a favorable report on a bill carrying an appropriation of $100,000 for repair work at the Mare Island, Calif., navy yard, to give employment to San Francisco mechanics and also $70,000 to meet emergency expenditures in the postoffice department incident to the San Francisco loss. President Roosevelt recommended $100,000 and the senate passed a bill for that amount yesterday.

Make Alcohol from Sawdust.

Jackson, Miss., April 28.—Lumber manufacturers in Mississippi predict that the day is not far distant when every ounce of sawdust at the various mills in this state will be utilized in the manufacture of wood alcohol, and that lumbermen will place a value on sawdust second only to that of the main product of their plants.

TEXAS TOWN SWEPT AWAY BY TORNADO

Only Three Buildings Left In Village of Bellevue.

FOURTEEN PERSONS ARE DEAD

Tornado Was Followed by Fire Which Consumed the Wreckage—Report of the Storm Sent From Top of a Telephone Pole.

Bellevue, Tex., April 28.—A tornado which swept through this place Thursday night, destroyed everything in its path and as a result practically the entire town is a mass of ruins, only three buildings now standing, at least eleven persons are dead and a number are injured.

The tornado was followed by a fire, which consumed the wreckage.

This report is being sent from the top of a telephone pole a mile from Bellevue, but it is as close as a wire can be had. The town of Bellevue consisted of over 200 houses.

Some of the Dead.

Among those who are known to have been killed are:

R. L. Russell, wife and four children.

A. D. Card.

Tom Mount.

W. W. Bell, candidate for county treasurer of Clay county.

Two members of the Gray family.

Seriously Injured.

Two daughters of N. E. Smith, of Bowie.

Mrs. Gault.

Mr. Gray and seven members of his family, two of whom have since died.

It is expected a full report of the casualties will soon be ascertained.

The fact that so few were killed is accounted for by the fact that practically every house was equipped with a storm cellar, and the peopple ran to them as soon as they saw the tornado approaching.

Those who had no storm cellars or who could not reach them were the ones who suffered. Last winter many lives were lost in the same neighborhood by a tornado.

Conservative estimates place the loss between $150,000 and $175,000.

The inhabitants of the town are not only homeless, but without food or raiment, and utterly destitute, all their property being swept away.

Relief is being hastened to the ill fated town from the neighboring cities.

Wrecked Buildings on Fire.

Fort Worth, Tex., April 28.—A telegram from Bellevue, Tex., Clay county, Friday morning says after the town had been wrecked by the tornado, the buildings caught fire, and were still burning.

A carload of provisions were sent from Fort Worth Friday morning. Tents and bedding have been rushed from Wichita Falls.

The latest report places the dead at fourteen.

Knights Meet with Accident.

Columbia, S. C., April 28.—Apollo Commandery, Knights Templar, of Troy, N. Y., arrived in this citw Thursday on a special train on their pilgrimage through the south, after several hours' delay, caused by a collision with some freight cars at Swansea, 21 miles from the city. Mrs. Joseph T. Baynes, of Trop, N. Y., had her arm broken and the wife of General James H. Loyd, also of Troy, suffered from the shock. The visitors were welcomed by Governor D. C. Heyward, after which they were given a typical southern barbecue by Columbia commandery.

Wins Swimming Contest.

Phalarum, Greece, April 28.—In the 500-metres swimming contest Herr Scholl, Austria, was first; Taylor, England, second, and Jarvis, England third. The victory of the young Austrian, who is only 16 years old, was most enthusiastically received by the audience. He swam in fine style and passed the winning post a yard in the lead. Italian crews won both the 1,000 metres and the 1,852 metres pair oar gig races. A Frenchman won the single sculls.

BRUTAL ATTEMPT TO ASSAULT WHITE GIRL

Heinous Intention of a Burly Negro in Bevillville Section.

NEGRO MADE HIS ESCAPE

Seized the Girl and Handled Her Violently, But She Screamed, Which Brought Relief—Negro Escaped to Woods—Not Yet Captured.

The settlement known as the Bevillville section, about eight miles to the westward of this city, is the center of a feeling of wrath and indignation at this time, owing to a heinous attempt of John Sanders, a negro, to assault a thirteen-year-old white girl, the daughter of one of the most prominent citizens of that neighborhood, Friday. As soon as the news of the attempt was spread, every male citizen of the community rose up in arms, secured their guns and horses, and all during Friday afternoon, Friday night, Saturday and Saturday night, they have scoured the woods looking for the brute who would dare attempt such a heinous crime.

Met Girl in Road.

From the best information obtainable, it appears that the young girl was on her way to school, which is quite a distance from her home, Friday morning, when suddenly she was met and accosted by this burly brute, who laid his hands violently upon her. The victim screamed, which attracted the attention of some school children a short distance ahead, also a colored man living nearby. Both the children and negro started toward the scene, when the brute, becoming frightened, ran, and succeeded in making his escape. He has since eluded the posse and the officers, but if the former should be so fortunate as to apprehend him it is unnecessary to add what the consequences will be. The people are indignant, and are determined to find the man if he is in this country.

Description of Negro.

In order to post the public, the following description is given of Sanders:

Short, chunky, dark mulatto, small black moustache. Has long, swinging walk. Height, 5 feet, 6 or 8 inches. Weight, 165 to 175 pounds. Age, about 25. A little bow-legged, and walks pigeon-toed.

Sanders has been working in the turpentine camps. The public is requested to look out, and any information as to his whereabouts may be wired to L. W. Fennell, sheriff, Gainesville.

ANOTHER STATE CONVENTION.

Patriotic Order Sons of America Will Hold State Meeting Here.

Gainesville has been favored with a great many State conventions and meetings this year, but the list has not yet been exhausted. The next to be held will be the State Encampment of the Patriotic Order Sons of America, which, as its name indicates, is strictly an American order, with American principles, for the upbuilding and education of Americans.

Notwithstanding that this order is comparatively new in Florida, it is growing rapidly, and a number of camps have already been established.

This convention will be called to order Wednesday morning at 10 o'clock in the court house. The meeting, which will be of a public nature, will be opened with prayer by Rev. Francis H. Craighill, which will be followed by an address of welcome by Col. Christopher Matheson. The response will be made by the State President, J. L. Rankin of Palatka, after which an address of welcome will be delivered in behalf of the local camp by District President Bullock. There will be responses to this address by various delegates or representatives.

The session will occupy three days, and promises to be one of the most interesting that has been held in Gainesville, as the members of the local camp, collectively and individually, are working with a view of making it so.

Woman Slain by Her Husband.

Memphis, Tenn., April 28.—Mrs. J. W. Skinner, wife of the manager of a local manufacturing company, was shot and killed by her husband Thursday night while seated on the veranda of a local club house. Skinner when arrested, claimed that the killing of Mrs. Skinner was accidental; that the bullets which struck the woman were intended for Robert Simpson, an expert golf player, who was seated near Mrs. Skinner, and whom Skinner alleges was responsible for domestic difficulties in the Skinner home.

HIGH SPRINGS NOTES.

Memorial Day Fittingly Observed—Col. C. Matheson Orator of Day.

High Springs, April 27.—The program for Memorial Day exercises was carried out with perfect success, each number being up to the highest mark.

The address of welcome to the Veterans by Dr. Wm. Sutherland was delivered in his own graceful style, and was highly enjoyed by all.

Dr. Allen, principal of the high school, made a short address which was a fine burst of eloquence, glowing with patriotism.

Dr. O. C. Barrs, with appropriate words and fitting manner, introduced the orator of the day, Col. Matheson of Gainesville. To say that his effort was up to his standard would be sufficient eulogy, but we must speak of the deep feeling which pervaded his speech, making it the more impressive. The occasion was one which appealed to his patriotism and his pride in being the son of a Confederate Veteran.

The choir rendered some pleasing selections, and the solo by Mrs. Webb, "Just Before the Battle, Mother," was especially fine.

The flag drill by the school children to the air of "Dixie," was a spirited feature of the program.

A dinner was served in the grove, which all enjoyed. The public is under obligations to Mrs. Adams for a barrel of ice water, to Mr. D. M. Davidson for ice-cold lemonade, and to the ladies for hot coffee.

The exercises at the cemetery were solemn and impressive.

After short talks from the Veterans and others present it was suggested by Mr. W. F. Shepherd that the Veterans stand in line and receive a handshake from all present. This was done, the company singing as it passed the line, "When the Roll is Called Up Yonder."

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy coughs; oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1902: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c and $1. Sold by W. M. Johnson.

Pistol Ball Ends His Life.

Ashburn, Ga., April 28.—Jake Roobin, shot himself with a 38-caliber pistol near the heart. He was alone in his store at the time. He lived 30 minutes. He leaves a young bride here and several brothers in Cordele. Despondency was the cause of his act. The remains will probably be carried to Macon for interment.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

TWO DELIGTHFUL OCCASIONS.

Miss Colclough and Dr. and Mrs. Johnson Entertain at Cards.

Two of the most delightful social functions in the city transpired Friday afternoon and evening, both of which were well attended, and which it is needless to add were highly enjoyed.

The afternoon entertainment was tendered by Miss Lucille Colclough, at the cozy home of her parents, Mr. and Mrs. C. A. Colclough, West Liberty street, complimentary to Mesdames S. T. and J. M. Dell, Jr., of this city, and Misses Eva Truby of Starke and Valeta Potter of Ocala, who have been visiting the Mesdames Dell.

Progressive whist was the game, and it was played with an interest which displayed considerable ability. There were six tables, and at the conclusion of the contest it was discovered that the married lady's prize was won by Mrs. W. M. Dale, while the young lady's prize fell to the fortunate lot of Miss Katherine Hampton.

Delicious refreshments, consisting of ice cream and cake, were served, and at a late hour the guests departed, perfectly delighted over the afternoon's entertainment.

In the evening Dr. and Mrs. W. M. Johnson entertained at progressive whist in honor of Misses Truby and Potter. There were seven tables, and after an enthusiastic contest the prizes were declared as follows: First prize, large box of Huyler's candy, Dr. D. B. Morris; second prize, small box of Huyler's, Miss Mamie Wilcox. Dr. Morris generously tendered his prize to Miss Potter.

During the evening refreshments were served.

Misses Truby and Potter, who have been here for several days, have made themselves quite popular, having been honored with several receptions and other functions. They left for their respective homes Saturday.

A Dandy For Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and $1 Sold by W. M. Johnson.

Dramatic Writer Dead.

New York, April 28.—Henry Jackson Wellsdam, the dramatic and magazine writer, of New York, whose death in Havana was announced by cable Thursday night, was a member of a prominent San Francisco family. He was graduated from the University of California, receiving the degree of Ph. B. and was married in London in 1892 to Dorothy Dorr, an actress. He was for several years employed in dramatic work in London. Some of his plays produced in this country and England were "Diamond Deane," "The Silver Shell," "The White Silk Dress," "La Coquette," "La Madeline," and "Skipper & Co."

ANNIE OAKLEY,

THE WORLD'S GREATEST LADY RIFLE SHOT, USES AND RECOMMENDS

Newbro's Herpicide,

The Original Remedy That "Kills the Dandruff Germ."

"Traveling as I do continuously, I have been troubled a great deal with dandruff and falling hair, and until I tried Herpicide I never found a remedy that was satisfactory.

"Herpicide is a delightful preparation that fulfills the claims made for it, and no lady's toilet is complete without it. I highly recommend it to my friends. [Signed] ANNIE OAKLEY."

It is certainly significant that Miss Oakley, the celebrated rifle shot and theatrical star, who has traveled so extensively abroad, should choose Newbro's Herpicide as the most efficacious toilet remedy for the scalp. No one will doubt her opportunity to choose the best, and those who have seen the natty and winsome Miss Oakley, will not doubt her power of discrimination in matters of this sort.

Newbro's Herpicide is a scientific germicide and prophylactic for the hair and scalp; it destroys the germ or microbe that causes dandruff, itching scalp and falling hair, after which the hair will grow as nature intended. Extraordinary results follow the use of Newbro's Herpicide.

If your hair is dull, brittle or lustreless, don't wait until it begins to fall, but save it with Newbro's Herpicide. In addition to its wonderful medicinal qualities, Newbro's Herpicide is the daintiest and most delightfully refreshing hair dressing available. The first application proves its goodness. Try it.

Herpicide contains no grease—it will not stain or dye.

BIG GATHERINGS AT BELL AND TRENTON

Good People of Those Sections Entertain Large Crowds.

MANY CANDIDATES PRESENT

They Had Ample Opportunity to Tell the People Their Aspirations and Lay Their Platform Before Them for Consideration—Other Meetings.

Two of the most enjoyable, as well as most successful picnics and political rallies which will probably be held during the present campaign, have been pulled off at Bell and Trenton. A large number of aspirants for office from member of the school board and county commissioner to candidate for State Senate, were there, and took advantage of an opportunity to tell the good people all that was good about them, and all that was bad "about the other fellow," in instances. The speeches as a rule, however, were clean, being devoid of any personal mud slinging, with an exception or two.

The first meeting was held at Bell on Thursday, when the good people of that section turned out en masse, brought plenty of good things to eat, prepared as only the ladies know how to prepare them, and the occasion was a feast worth the gratitude of the candidates and the thanks of those who were fortunate enough to be present. There was an abundance of dinner, after the partaking of which the speaking was resumed.

On Friday the candidates were entertained by the people of the Trenton district, at Trenton, in the usual hospitable manner which has made the people of the West End from one boundry to another famous. It does the average man's heart good to be among them, for, without exception, he is made to feel at home.

The gathering was held at Trenton in a fine, shady oak grove on the outskirts of the town, and the manner in which the people, both ladies and gentlemen, congregated was evidence of the fact that considerable interest is being manifested in politics.

The speaking began about the middle of the forenoon, and at 12 o'clock the meeting adjourned for dinner. A. L. Sanders was master of ceremonies, and in a clever manner stated that, as a rule, the American people believe in eating at regular intervals. "This is about three times a day for the average American," he said, "morning, noon and night. It is now the hour of 12 o'clock, noon, and we of the West End believe in something to eat promptly at that hour. It becomes my pleasure to announce that dinner will be now served under direction of the good ladies who have so generously prepared it, and I am authorized to extend an invitation to every man, woman and child on this ground to participate. Let nobody go hungry, for I am assured there is an abundance of good things here." This invitation seemed rather pleasing, as well as agreeable, with the result that everyone responded.

After the dinner hour the speaking was resumed. Each candidate was given a respectful and attentive hearing. It was one of the most harmonious and enjoyable meetings ever held in the West End, and will be long remembered by the large crowd present.

The next meeting, which will be really the official opening of the campaign in accordance with the itinerary named by the campaign commitee of the County Democratic Executive Committee, will be held at Seven Mile Pond on Wednesday May 2, at which time the eighty-sixth anniversary of Mrs. Rhoda Nettles, one of the oldest and most highly respected residents in the West End, will be observed. A large crowd is exected at this meeting, as the candidates will be there, and everybody is invited.

Other official appointments during the campaign will be as follows: Newberry, Friday, May 4; LaCrosse, Saturday, May 5; Hawthorn, Wednesday, May 9; Micanopy, Thursday, May 10; Alachua, Saturday, May 12.

Should any other precinct desire a meeting, same will be granted if not in conflict with the official dates. The Sun will be glad to publish any notification or call sent in.

CARD FROM MRS. SMITH.

She is Very Grateful for Kindness Shown in Her Sorrow.

Words are feeble things to express the deep gratitude I feel toward the grand, warm-hearted people of Gainesville for their kindness to me in this hour of deepest bereavement. My dear brother and myself have always felt deeply their kindness in making us, from our first coming among them, strangers, feel so much at home, and now in my hour of sorrow over this blow that has taken my all, they come forward almost as one family and give me their sweet, tender sympathy and help me through the dark hour in every way possible, and with their beautiful gifts of flowers tenderly cover the last resting-place of my dear one.

I want to thank Mr. McCreary for the beautiful tribute he paid my brother, expressed in words grand and complete. My brother loved him with an almost womanly love, so tender and loyal it was, and delighted to serve him, often telling of his kind appreciation of it all. To the other members associated with the paper, among whom are Mr. Burtz, who was so kind to him, and young Mr. Merchant whom he loved so much for his clean, upright life, also Mr. Prewitt, whom he ever spoke of as always a man of upright life, I wish to say: accept my thanks. To the business men who were most kind, to ministers, church and choir, and last to the lodges and almost the entire city who came forward as one big, loving family and showered him with masses of beautiful flowers, and me with their loving kindness, to all I say, "God bless you."

With a heart full of gratitude, I am,

Yours very truly,

MRS. ELIZABETH SMITH.

The Geo. P. Long and J. C. Lawhon Patent.

Messrs. Lawhon and Long of Gainesville, Fla., have just obtained through D. Swift & Co., of Washington, D. C., a patent on a resawing machine. This is the most perfect device of this class ever devised and will be sure to "take" wherever tried, as it is a great time-saver and labor-saver, which are the telling elements in every successful invention. D. Swift & Co. will send copy of patent for five cents to any of our readers.

Letter to Diamond Ice Co., Gainesville, Fla.

Dear Sirs—Mr. ———— President of a cotton-mill at Union, S. C.—he don't want to see his name in print—had two offers of 500 gallons of paint; $1.30 and $1.25. Took the $1.25; and got skinned. He'd have got three-quarters skinned if he'd taken the other.

The $1.30 was full-gallon; the $1.25 was 18% short. The full-measure paint was adulterated 40%; the short measure was adulterated 45%, besides benzine in the oil—don't know how much.

Devoe lead-and-zinc wasn't sold in the town then.

It don't pay to monkey with paint.

Devoe costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name. Yours truly,

F. W. Devoe & Co.,
New York.

SOUTHERN ECONOMIC PROGRESS.

The announcement that the Southern Railway will have delivered to it between now and November 1 new equipment amounting to eleven millions of dollars, says The Wall Street Journal, contrasts with the statement of its traffic manager fifteen years ago that the demand for increased wages, for a higher speed, and for lower freight rates, combined to make the outlook for that road by no means promising. This contrast is typical of changes throughout the South in general. What has been responsible for these changes, and what will their effects be?

Among the causes of progress in the financial prospects of railroads is the growth of variety in the economic products of Southern industry. Cotton has in many places given place to tobacco growing, and in many others trucking has succeeded better than cotton. In other localities still, orcharding has become a prominent feature of investment. All of these contribute an additional amount of freight to the railroads and distribute the freight more evenly throughout the year. It not only lengthens the period of work for the people, but spreads it out more evenly instead of concentrating it in one particular season. The South, from the Gulf to the Potomac and the Ohio, has now a continuous money crop in trucking products, which brings in a cash income during the months between the sale of one cotton crop and the marketing of another. Factory products, furnace products, and forest products turn in their quota as a constant contribution to freight traffic. In other words, the South has so changed her economic organization as to have an all-year-round revenue from her enterprises, instead of a sessonal income, as was the case under the older regime.

Another cause of change by which railroads have profited is the relatively diminishing importance of politics and the increasing importance of business as a subject of popular thought and interest. Local affairs are looked after as carefully as ever in political matters, and there is no portion of the country where there is more true-hearted loyalty to national interests than in the South.

But industry, commerce and finance, rather than politics, are enlisting the talent of the younger generation as never before. This younger generation is discussing economic questions from standpoints which are peculiar to their own training, and generally they do not see things exactly as their fathers saw them, and the difference is significant.

Economically unwise legislation is as improbable in the South as in any other portion of the Union. The public take pride in their great transportation systems, whereas fifteen years ago there was an antagonism which did not augur well for the future.

The idea of converting an unsightly back yard, strewn with ashes and tin cans, into a little bower of fragrance and beauty is one that appeals to the imagination and affords health-giving exercise as well as an infinite amount of pleasure and happiness. The average householder devotes more or less time and energy to the front of his premises, but the rear too frequently becomes the dumping ground for the refuse from the kitchen, and the result is the unhappy combination of a Queen Anne front and a Mary Ann rear yard.

Gov. Folk has just discovered that every man in the Missouri penitentiary is a poor man. Did he expect the Missouri lawyers to let anything get away from them?

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BLIND HELP THEMSELVES.

There has been started in the city of New York a movement to enable the blind of this country to support themselves. The experiment, we are told, is well under way, having started out with the glowing financial prospects, and it will doubtless be but a short while before the movement spreads to other cities.

The New York organization is called the Association for the Blind. It is incorporated and is already carrying on its beneficient work, as well as the contributions permit.

The prime object of the association, says The Atlanta Journal, is effectively to aid the blind, so far as practicable, to support themselves. For this purpose, it provides a system of instruction at night and at the homes of those helped, a workshop for men engaged especially in broommaking, chair caning, etc; a census and employment bureau to keep track of the blind and to aid them in getting work, and, in addition, such effort as is practicable to prevent blindness, often due to neglect in the first stages of eye disease. The association is in the hands of highly intelligent and experienced men and women, who can be relied upon to make excellent use of any funds intrusted to their care. There is a considerable and definite field for the labor they have undertaken which is of a peculiarly satisfactory and sensible sort.

Both as to the saving to the community made by enabling those to sustain themselves who otherwise would be a charge on the public, and as to the inestimable kindness to the sufferers themselves in relieving the gloom of a sightless existence, deepened by helplessness and dependence, the work of the association is extremely appealing.

Of course the trusts are selling goods cheaper abroad than in this country, but they are too busy to bother with explaining how they do it, and besides, so many Democratic Congressmen cannot understand their figures, anyway.

What the railroad Senators are trying to do is to make the Interstate Commerce Commission as harmless as the Civil Service Commission.

TELLS BY THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on" said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing normal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

Capt. Ramsey Dies of Wounds.

Spring Place, Ga., April 28.—Captain A. K. Ramsey, who was shot by Jim Franklin, late Sunday night, is dead from the effects of the wound. In his death this county has lost one of her leading citizens. Captain Ramsey commanded Joe Edmondson's brigade during the war between the states, and made a good soldier. He had represented this county in the legislature in 1888-9, and was the present member, and had many friends all throughout the state. He left a wife and ten children. Jim Franklin and Joe Swainger are now in the county jail, where they will remain until the superior court convenes in August, when they will have to answer to the charge of murder. Public sentiment is very high against them, but the law will be allowed to take its course.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by all druggists.

Spike Put in Savannah Gun.

Savannah, Ga., April 28.—With one of their modern breechloading guns "spiked," and rendered useless until the spike can be drilled out, the Chatham artillery, commanded by Captain W. T. Dixon, returned Thursday night from the governor's day celebration at the Albany chautauqua. The artillery were unable to use this gun in the sham battle, and are much provoked over the malicious act. Captain Dixon does not know whether it was perpetrated at Albany or on the train before reaching that place.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

May Close Packing Plant.

Chicago, April 28.—Prosecution of the Armour and Swift interests to secure a $12,000,000 penalty for violation of the anti-trust laws, may result in the closing of all packing plants in Texas and the withdrawal of the Chicago packing concerns from that state. This was the announcement made on Wednesday night by the officials of the Swift and Armour companies in discussing the effect of these suits brought against them by the attorney general of Texas.

Herbine, taken every morning before breakfast, will keep you in robust health; fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c. Sold by W. M. Johnson.

Work Train Causes Death.

Danville, Va., April 28.—A southbound Southern railway work train, carrying a derrick car, was wrecked near Chatham, Va., killing one and injuring two of the crew. The train was enroute from the shops at Monroe to a point near Greensboro, N. C., to remove a wrecked locomotive. It was running at a high rate of speed, and the impetus caused the car carrying the heavy derrick to turn over. J. T. Madison, of Charlotteville, Va., was instantly mashed to death, and E. H. Gregory and W. H. Tucker, both of Monroe, were hurt.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

THE STOCKHOLDERS WANT A RECEIVER

Trio of Stockholders of Building and Loan Association Act.

THE REQUEST WAS GRANTED

Continental National Building and Loan Association and Fernandina Building and Loan Association, Through Officers, Defendants.

H. C. Parker, H. W. Denham and D. E. Cooper, as stockholders, bring suit against the Continental National Building and Loan Association and the Fernandina Building and Loan Association—G. W. Hyde, President; Marcus Endel, Secretary, and C. C. Pedrick, Treasurer of both associations—claiming that both associations were totally insolvent and that the property, assets and effects are depreciating and will continue to depreciate in value as time passes—that the associations have for some time ceased to do business, having collected no dues, made no loans and in fact the object for which said associations were organized has practically ended.

They ask that a receiver be appointed to take possession of all effects of said associations.

These defendants in answer to said bill say that they admit that said associations are insolvent and have practically ceased to do business; that in justice to the stockholders a receiver should be appointed.

A. M. Cushman has been appointed receiver under bond for faithful discharge of duty.

There are many persons in this city who are interested in these associations.

GAINESVILLE, . . . FLORIDA, U S A

THOS. W. FIELDING, CANDIDATE FOR STATE ATTORNEY, ADDRESSES THE VOTERS OF THE EIGHTH CIRCUIT

To the Citizens of the Eighth Judicial Circuit of Florida:

While I am sparing no effort to meet personally and converse with as many of the citizens of the circuit as possible it is a physical impossibility for me to meet all, and I am adopting the method of briefly addressing you through your county papers in regard to my candidacy for State Attorney of this circuit.

In my judgment the office of State Attorney is one of the most important in our judicial system, for upon the occupant of this office depends to a great extent the enforcement of all laws for the protection of the personal liberty and personal security of the people, and the Supreme Court of the State of Florida holds that all criminal prosecutions are absolutely within his control. Hence the importance to society of having a man occupy the office who will, at all times and under all circumstances, have before him his duty to the State as the only consideration for his actions. Before asking you to vote for me for the office I want to state to you frankly and unreservedly that I believe in the rigid enforcement of all laws: the law against illegal sale of whiskey, the gambling law, the law against false accusations, the law against theft, the law that says "thou shalt," as well as the law which says "thou shalt not," and every other law against crime, and in asking your vote I want to promise you in this public manner that if you elect me I will prosecute, without fear or favor, every violation of the criminal laws of the State, speedily, vigorously, impartially and with strict fidelity to the State.

In enacting the railroad commission law the Legislature required of the State Attorneys their assistance in the enforcement of that law, and the Legislature of 1905 imposed still further duties upon the State Attorneys by requiring them to represent the State in all cases of habeas corpus in their circuits and in all capital cases to represent the State in the preliminary trials before the different county judges and justices of the peace. This was done to avoid the miscarriages of justice that often occur at preliminary hearings because of no one being present to represent the State and bring out the testimony against the persons accused of murder.

If I am honored with election I will represent the railroad commission whenever called upon to do so; I will represent the State in all habeas corpus cases, and will always attend and represent the State in all preliminary trials of capital cases before the county judges and justices of the peace in the several counties of the circuit.

I hope I may not be regarded as boastful if I say on the subject of my qualifications for the office that before offering my services to the public as an attorney at law I took the full two-year law course at one of the best law schools in the South, and graduated therefrom with high standing in my class. I have since had about five years of active practice and feel that I am qualified to render efficient service, and the people of my home county will show that they believe me fitted for the place by giving me a practically solid vote.

Respectfully soliciting your favorable consideration and promising a faithful and conscientious discharge of the duties of the office if I am elected, I am,

Very truly yours,
THOS. W. FIELDING.

FARMERS' EARS MADE TO TINGLE

By The Eulogies Paid Him In House of Representatives.

FREE SEEDS ARE DEFENDED

Every Congressman Who Could Get the Floor Lauded the American Farmer—Dawson, of Iowa, Lauded the American Hen.

Washington, April 27.—The ears of the American farmer must have burned Wednesday because of the eulogies and tributes to his untiring energy, his devotion and his patriotism which were paid him by members of the house during the consideration of the agricultural appropriation bill.

Next to the achievements of American farmers, the American hen came in for unstinted praise for her industry and her usefulness, her champion being Mr. Dawson, of Iowa, who contributed a thoughtful speech to the literature of the farm.

The president's message recommending an appropriation of $300,000 for Mare Island navy yard was read and referred to the committee on appropriations.

Without reaching an agreement as to the limit of the general debate on the agricultural bill, it went over until Thursday, the features of the bill not being touched upon.

Mr. Lever ,of South Carolina, classed the farmer as the great conservative force in American politics. He said the govenment expenditure per capita of agricultural population for the republic of France amounts to 52 cents, for Austria 69 cents, Hungary 90 cents and for the United States, which owes more to its agriculture than any of these nations, the expenditures is 16 cents. The per capita tax for agricultural purposes for the United States is about 7 cents.

Mr. Lever, of South Carolina, classlarger agricultural appropriations and less for the army and navy.

Mr. Gaines, of Tennessee came forward as a defender of free seeds. He arraigned the millionaire growers of seeds as being responsible for the failure of the bill under consideration to carry an appropriation for free seeds. He said that there was a good deal of dairy money in the bill, the chairman of the committee on agriculture, Mr. Wadsworth, being a large dairy farmer.

But he said "onion seed money" and "lettuce money" was remarkable by its absence. He said there was a "trust" in everything the farmer uses except free seeds, and he called on congress to give the honest yeomanry of the country free seeds.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial constable at Chapleau, Ontario, says: "I cought a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles I was completely cured" This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by all druggists.

Allen Escapes from Jail.

Americus, Ga., April 27.—Henry Allen, a young white man, hailing from Columbus, escaped from jail here Wednesday finding the door of his cage unlocked. POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant,

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully,

H. H. McCREARY.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: During the past year we have sold over twenty-four dozen "Hall's Great Discovery" for kidney and bladder troubles, and during that time have received no complaint.

Yours respectfully,
G. VAN ANTWERP & SON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

MRS. R. WILSON.

MONDAY NIGHT CONCERT.

Ladies of Holy Trinity Church Will Give Fine Entertainment.

The ladies of Holy Trinity Episcopal church propose to give on Monday evening, April 30, one of the finest musical entertainments the people of Gainesville have ever heard.

A special feature of this entertainment will be the appearance of Mr. Turner, a violinist of note who graduated in Belgium. Mr. Turner is an artist in his profession, and probably the finest violinist ever heard here. The remainder of the program will be filled by a number of the best vocalists and musicians in the city, and altogether a fine entertainment is assured.

The concert will be given in the opera house. Program will begin promptly at 8 o'clock.

The proceeds derived from this venture will be used towards the building fund of the new church. The admission will be 50 cents for adults, and 25 cents for children. No seats reserved, so come early.

Nicely furnished rooms to rent on block adjoining square; gentlemen preferred. Inquire at this office.

The Atlantic Coast Line begs to announce that on April 30th and May 1st they will sell round-trip tickets to Jacksonville for one first-class fare plus 25 cents. Tickets are good to return up to and inclusive May 6th. See ticket agent at your nearest point.
